NOTICE

Admissions – 2017-2018

Sr. KG to Std. 8

Bombay Scottish School, over the decades, has built a strong reputation for imparting quality education, imbued with moral values aimed at the all round development of all its students.

To achieve this, it is important to maintain a healthy student-teacher ratio. This in turn makes the learning process quicker and more meaningful.

With this aim in mind, we had not opened admissions to classes Sr. KG to Std. 8 during the academic years 2015-16 and 2016-2017. The Management has once again reviewed the situation this year. We have been successful in bringing down the class size only marginally. We have therefore decided not to open admissions to classes Sr. KG to Std. 8 for the academic year 2017-2018.

We look forward to your understanding and support.
